How Does it Work?

Participants compete in teams of up to 10 as they track wellness activities to see how far they can get on the virtual trail. Following along with other registrants, they enjoy the virtual scenery of Maine's most beautiful areas. When participants log enough miles to reach your chosen location

a **Pin Drop** will appear on the website and in the app, shown on the right, or they will receive a **Postcard** with your message to their email, shown below.
